

Grangegorman Playground Re-Surfacing Project Factsheet

Version: 3

Subject: Grangegorman Playground Re-Surfacing & Mobility Swing Installation Works

Release Date: 5th of November 2025

The Grangegorman Playground resurfacing and Mobility Swing installation works have been **temporarily delayed**, and these works will **now start in early 2026** and should take approximately 6-8 weeks from start to finish. The works plan remains the same at this point in time. The key details about the project are outlined below.

The works will

- Commence in **early 2026**. The playground will be closed for Health and Safety reasons approximately 6-8 weeks during this timeframe to facilitate the re-surfacing and mobility swing installation.
- Require the removal of some landscaping & planting in the northern corner of the playground to make space for the new piece of equipment and allow full accessibility of the swing for all users of the playground
- Not require the relocation of current equipment - the mobility swing will be in addition to the existing play equipment.

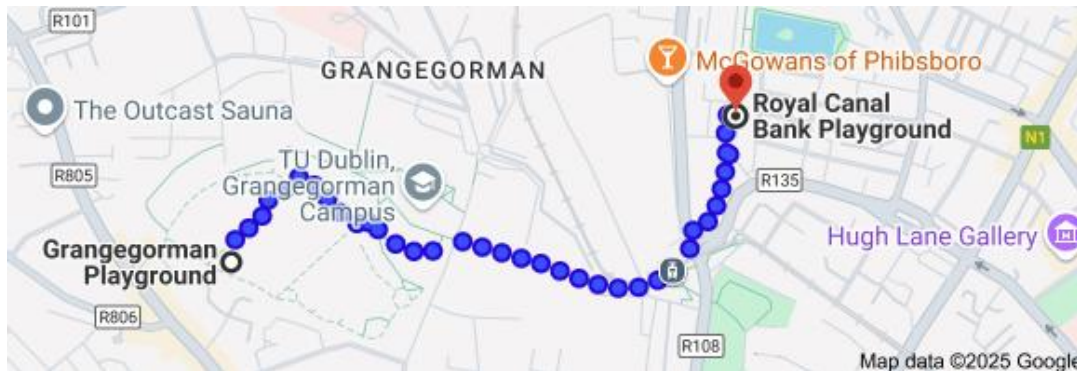

The swing being installed is EN compliant to European standards, certified and fully accessible for wheelchairs and can accommodate two wheelchair users at a time.
